- Insert the hook through the center of the stitch, as shown in the picture.
- Draw the new color and start the next round.
- Before finishing this round, pull the strand of the previous color and secure it to the new color with a simple knot.

Once you've finished R13, you can attach the button or whatever material you've chosen for the base. This button measures approximately 1 inch, but the size may vary depending on the size of your tree. For added security, I recommend attaching it to the base with hot glue.

Use gold or gold thread

Make two equal pieces

R1: MR 10sc

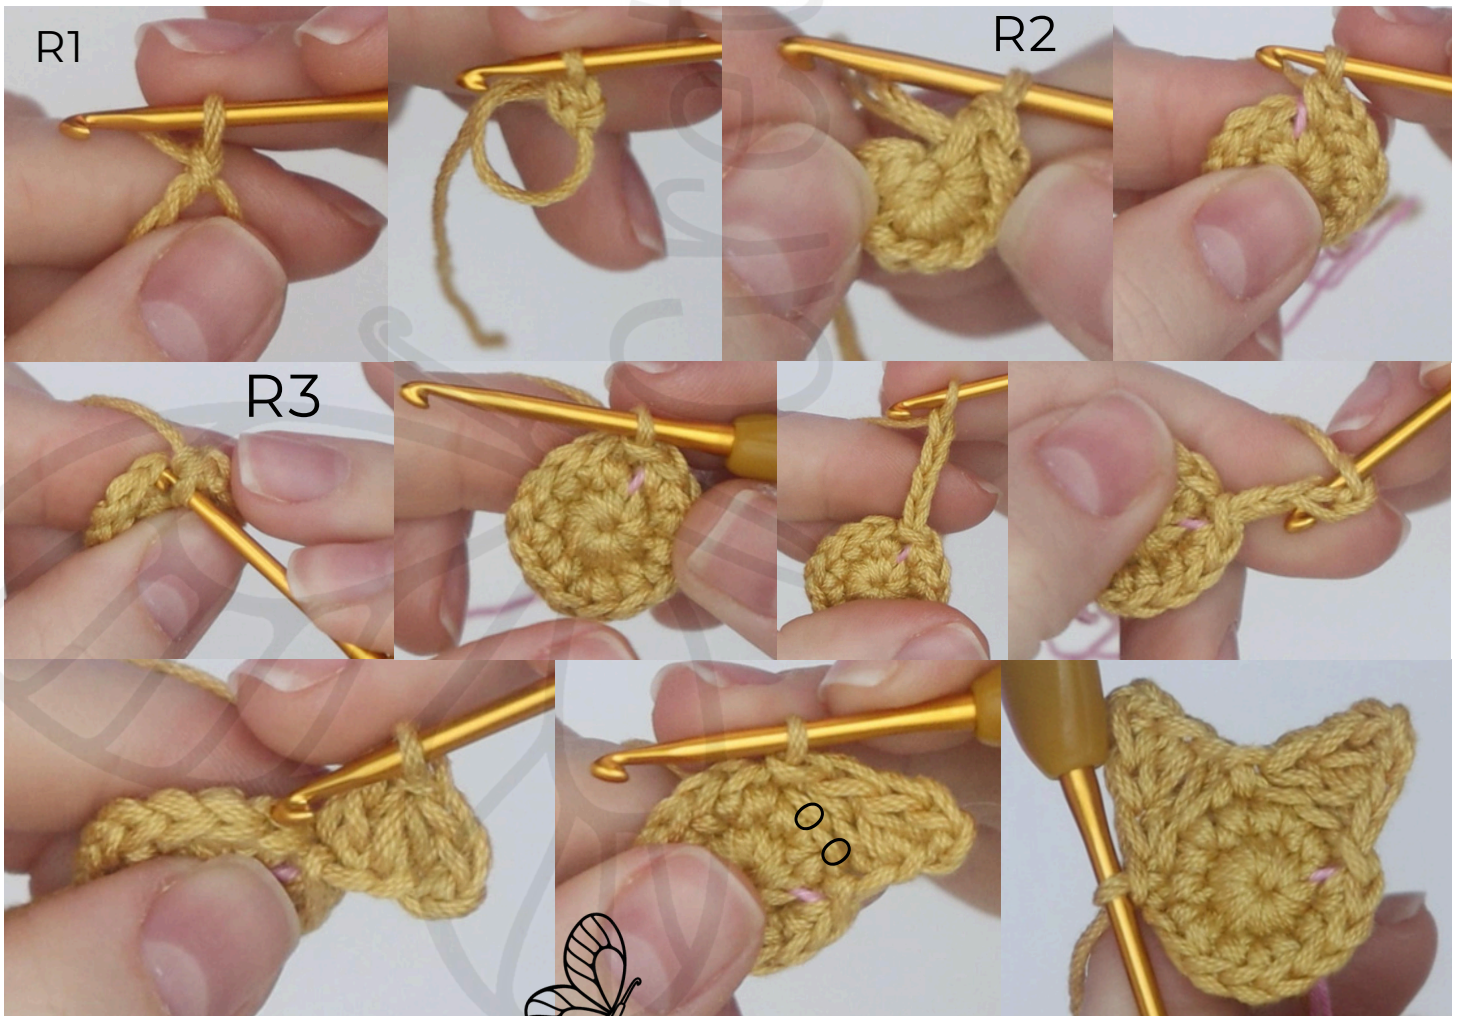

R2: (1sc, 1inc)x5 (15)

R3: 1sc, (4ch, in the 2nd start BLO 1sc, 1hdc, 1dc, skip 2sts, 1ss)x5

Finish the last slip stitch at the same base as the first one in this round, cut the strand leaving enough to pull it back and secure it with the beginning one. Then, you can cut both strands or leave them as part of the filling. In the shared images, I will indicate which round they belong to.

Repeat the exact same thing one more time, as you need two identical pieces. Then, using only two strands of the same yarn, sew the pieces together. Make sure to position them by joining the backs of each fabric. Do this stitching by only taking the back strands of each stitch. I recommend starting with a slip stitch of each piece, as they are easy to locate. Before completing the closure, add a little bit of stuffing, just enough to give it shape. Then, continue closing, securing it and hiding the strands.
